CONCRETE RESTORATION

Experts Since 1955

the oldest concrete restoration contractor in Chicago

William Hach & Associates, Inc.

Founded in 1955 by William and Jacqueline Hach, William Hach & Associates, Inc. has a wide range of capabilities to successfully complete any project. WHA can perform any façade, parking structure, concrete, masonry, or metal-related project.

Having done it all before, WHA knows how to do it correctly the first time. Each project WHA undertakes is approached with a full commitment to excellence. WHA prides itself on superior communication to eliminate unnecessary stress.

The WHA team is composed of seasoned professionals – welders, bricklayers, tuckpointers, concrete finishers, carpenters, painters, truck drivers, and more. On average, WHA team members have over twelve years working at the company and each team member shares a common goal: great work at a fair price in a timely fashion.

William Hach & Associates, Inc. has successfully completed hundreds of concrete and masonry restoration projects, such as:

Cityfront Place, Chicago, Illinois
The Aqua, Chicago, Illinois
Lafayette Tower, Detroit, Michigan
Kluczyński Federal Building, Chicago, Illinois
Bank of America, Morton Grove, Illinois
The Shoreham at Lakeshore East, Chicago, Illinois
CNA Center, Chicago, Illinois
Presidential Towers, Chicago, Illinois
Market Square Arena, Indianapolis, Indiana
Noble Square Cooperative, Chicago, Illinois
Towers of Harper Square, Chicago, Illinois

For complete façade and parking structure project reference lists, please visit www.HACHCONSTRUCTION.com.

A WHA project is characterized by three things:

1. Performing the work correctly and efficiently.
2. Minimizing inconvenience.
3. Communicating effectively.

William Hach & Associates, Inc. has a proven track record of performing façade, parking structure, concrete, masonry, and metal-related projects.
